

I graduated from GiGi U in the Spring. GiGi U was awesome! Miss Erin helped me volunteer at Windsor Elementary School and I really liked helping the little kids in the lunch room. I helped them open their snacks. I like my teacher. She is so awesome! Miss Erin is great, even if she gives too much paperwork!

I really liked volunteering at the police station. I handcuffed myself on accident, which was pretty funny. I had a great time at Volcano Falls. I got to ride go-karts with John, play laser tag, and mini-putted with Miss Erin. It was a fun time because we also got to eat pizza, drink pop, and play video games. I really liked hang out with all of my friends and getting to do things without my parents.

I think everyone should come to GiGi U, because you can meet new people, make new friends, learn what it takes to be a good employee, and most of all HAVE FUN!!

---

I started GiGi U in the Spring of 2017. Right away, I liked it. I like to work and we do a lot of that! Some of my favorite things that we do are cooking, cleaning, and going on trips. I also like learning!

We cook every week. Some of my favorite things we have cooked are mac and cheese, BLT salad wraps, crockpot chicken and rice, root beer floats, and kale chips. Miss Erin makes sure that everyone gets to help with the cooking. I like to be in charge of cutting up the food. I like the crockpot meals, because they are easy to make and taste good!

I like to be in charge of the cleaning. I clean off the table, vacuum, and take the trash out. Dylan helps with the table and Laren helps me with everything else. I don't want a lot because I like to do it.

I liked going to Steak-N-Shake. I was able to make healthy choices by getting a salad. One time, we went bowling and that was a LOT of fun. We also went to see the butterflies at Sinnissippi Gardens. That was really cool. One even landed on me! Medieval Times was a great trip. I got to get up close to the horses and check them out. I also got to watch the horses dance. We cheered for the Blue Knight. He lost, but he did throw me a flower! I was excited about it and I shared my other one with Miss Erin.

GiGi U is going to help me get a job. I am looking forward to that. I want to work in a bridal shop. I LOVE weddings! GiGi U is a great place to come if you want to work hard and find a job. We have so much fun learning and hanging out together. I have made so many new friends. I like Miss Erin, too.

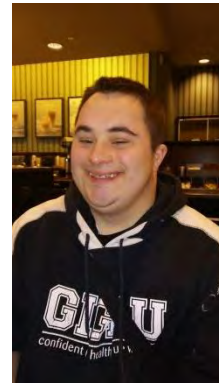

~Ashley~

I just graduated from GiGi U! I am very excited to start a job. GiGi U has helped me prepare for a job. I was able to volunteer at different places and see what kind of job I liked. I really liked Windsor Elementary School with the GPAs. I got to sort papers, deliver papers to classrooms, cut out laminated things, and supervise the kids on the playground. I also liked Barnes and Noble. I got to work at Starbucks and pass out samples to the customers.

In the classroom I got to learn a lot of things. We did a lot of counting. We collected pop tabs for the Ronald McDonald House and have 121,000, so far! We also got to dance. Gabi and Joey came and taught us dances. Then, we got to perform them for our family and friends on stage! That was cool! We also learned how to eat healthy and make healthy choices when we went out to eat.

Some of my favorite trips we took were Medieval Times, Chili's, bowling, the movies, the police station, the mall, and the YMCA. At Medieval Times we had great food and a great show. I was sad that our knight lost, but it was still fun! My favorite part about Chili's was getting to eat lunch with our bus driver, Rob. I had lots of fun bowling because I got to hang out with my friends and it was fun to see everyone smiling and having a good time. When we went to see Beauty and the Beast, Miss Erin and I sang along to songs (which Stacy didn't like, HA!) and shared food. I got to work at the Police station by dressing mannequins and making ribbons. The mall was a lot of fun. The guys hung out with John at Barnes and Noble. The other place I liked to work was the YMCA. I got to help my friend, Troy, who goes to GiGi's Playhouse.

---

I have learned things at GiGi U. I learned how to count money and social skills. I learned how to make healthy food choices and we played fun games for fitness. We also went on trips!

My favorite places were Medieval Times and Chili's Restaurant. At Medieval Times we cheered for the Blue Knight. I loved the show! Our knight lost, but it was still fun! I liked going with my friends on that trip. Chili's had good food and I made a healthy choice by getting a salad.

GiGi U is a fun place to be. I want to keep coming here and I think other people should come, too!
