Thank you ABC 7!!

Wow! What an incredible day! Karen Meyer and the gang from ABC 7 news came out to check out our literacy program!! The kids did a wonderful job of showing the success of the program and the incredible potential of children with Down syndrome!! They interviewed the kids, parents, teachers and volunteers. Boy, did they get an earful!!

The program offers individual and group tutoring, parent education and teacher consultation. We also provide custom books and flash cards for all the students. We currently have over 70 kids ages 2-26 being tutored at the Hoffman Estates location alone! This program reaches beyond the Playhouse walls by offering email/phone consultation Nationally and Internationally, assistance in the schools and the development of satellite locations.

The segment will air on ABC channel 7 in the next few weeks. Please check our website for the exact date and time.

Loving a child with Down syndrome is contagious... Help us spread the love!!!

Now with two locations!!!

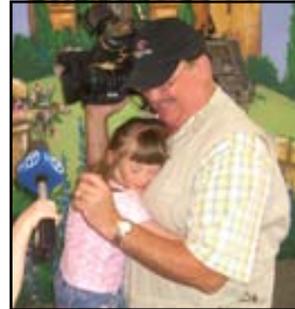

Gigi's Playhouse August, 2006

Group tutoring??

"I can not believe how great the group tutoring turned out to be!" That was what one of the parents said after watching their child in the group reading session. "It is not just the reading, but the turn taking, the patience, and then cheering on their friends. It was so cool to see three year olds do all that!" Because of growing enrollment and the kids being out of school we have started group sessions to accommodate more kids. They are going great! If you are not already signed up call Shari at the Playhouse.

Can you feel the love?? As usual the kids took over and made this a great time for all!!

Private parties promote awareness and FUN!!!

Every month families host private parties at the Playhouse to promote awareness and have fun! We have had Christenings, birthday parties, school parties and more.

We create personalized birthday poster and custom Down syndrome awareness activity books with your child's picture in them for all the goody bags. Many families have said it has really helped their family and friends to see all of the positive sides of Down syndrome. (It also answers a lot of the questions that they are afraid to ask!)

Grace Sanchez celebrated her third birthday this month with all of her family, friends and a clown too!

Wyatt Nelson rang in his first year with family, friends and a train cake!

Bailey Birmingham and her family and friends celebrated her third birthday!

DOWN SYNDROME RESEARCH

If you missed out on the study when Dr. Daley came to the Playhouse to collect urine samples for her DS research you can catch her at Gigi's Playhouse Too (Plainfield) in August..

or Do you have an appointment at Children's Memorial Hospital in the next five months? If so, please consider taking part in the study there.

Please contact Gayle at gaylegio@yahoo.com for more information.

There is always something happening at GiGi's Playhouse!

Check out these future linebackers from the 2 and Under group! This group meets the 2nd Saturday of the month from 10-12. This is an awesome group that starts many great friendships! If you are interested in helping host the group please call the Playhouse.

A group of Elmhurst College graduate students who came to learn more about the parent's view of EI therapy, Down syndrome, and the Playhouse. They were a great group and were really interested in learning how to become great developmental therapists and early childhood teachers.

Friday Friends had great weather for their tailgate party! We started off with a water balloon toss which Brian and Kristen won, and then we had a great barbeque. Christine and Matt won the baggo tournament and the night ended with everyone participating in a big water balloon fight! We all had such a good time!!! We are hoping to see everyone in August where we are challenging any family member to a game of softball at an area park. We will need a head count so you must RSVP by August 20th. We hope to see everyone there!!!! Game on....

Sincerely,

Friday Friends.

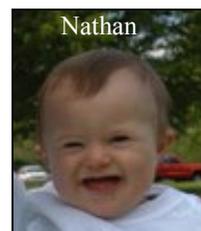

As you can see, the Friday Friends have decided to write their own newsletter coverage from now on!! Way to go guys!!

Thank you Com Ed!

An awesome group of volunteers from Commonwealth Edison came out and helped us clean up and organize the Playhouse!! They carried tons of stuff to storage and gave us back space we haven't seen in ages!! They even had time for some Down syndrome awareness and playing with the kids!

A big thank you to Nathan Kathera's uncle for helping to make this day possible!!

"In My Own Words" is a new series of columns written by people with Down syndrome for our newsletter. This month's reporter, Christine Maxwell, joined the 5k training and was the 1st young adult with Down syndrome to run in our 5k. Way to go, Christine!

Christine with long time-boy friend, Matt Kaman at the Friday Friends tailgating party. (hence the chef hat!)

Now I'm Into It
By Christine Maxwell

Gayle asked me if I would like to do the 5K Run at Busse Woods for GiGi's Playhouse. I decided myself to do the Couch-to-5K training for 12 weeks. I warmed up, walked and jogged around the track at Harper College and stretched after I was done with coaches Gayle, MiMi and Charlie (a dog). That was a fun time. I always used to jog on the treadmill. It was harder on the track and road but I did it. I will do it again next year but faster. I want my friends to do it with me. Now I enter runs with sisters Suzy, Becky and my Dad Joe.

Calling all reporters with Down syndrome: Would you like to write a column in future newsletters? Do you have something to say about the activities you attend at GiGi's Playhouse, your school, your job, or something you are proud of? Contact Laura May or the Playhouse for more info.

Our Hoffman Estates location is 3 miles west of Woodfield in the Brandess Center next to Schaumburg Toyota.

Beautiful Melanie Guerrero slept her way through her first Hispanic play group! But her Mother and Father used the time to meet new friends and network with other families. WELCOME Melanie and Co.!
