

# New Playhouse, New Windows

GiGi's Playhouse Chicago is selling all of the window spaces on our renovated, expanded Playhouse. The windows will follow the design above, consisting of:

- 2 – **“Then & Now”** Windows (featuring past and current photos from previous window models).
- 2 – **“Single”** Windows (featuring one person with Down Syndrome on the entire window)
- 4 – **“Mosaic”** Windows (featuring three individuals with Down syndrome along with a quote or statement from them about GiGi's. Note: Two of these windows will be on Lincoln, the other two on Damen)
- 4 – **“Group”** Windows (featuring a group of three individuals with Down syndrome performing some activity together).

That is a total of 27 opportunities to appear on our windows. We are offering different price points for these opportunities to ensure a wide range of participation. We do anticipate high demand for these opportunities, and spots will be awarded on a first-come, first-served basis. We will be creating waiting lists for each category.

The deadline for this application is **Nov. 11**. Photo sessions are expected to take place during the **first two weeks of December, 2016** (exact date TBD). Portraits will remain on the windows for a minimum of two years from the installation date.

Applications **MUST INCLUDE** payment (check preferred) to be considered complete.
