one million voices campaign

have a voice

[TRAVELING GALLERY]

joy. determination. peace. grace. love.
 happiness. forgiveness. inspiration.
 thoughtfulness. sweetness. passion. We bring
 this and more to our families, our loved ones,
 our friends. Now it's your turn to pass it on. Help
 us turn up the volume so that the world can no
 longer ignore the music that one million of our
 voices will make.

What is the "i have a voice" traveling gallery?
 It's a gallery. It's a movement. It's a campaign
 designed to increase cultural awareness and
 build advocacy for people with Down syndrome.
 We hope to influence one person at a time
 through the portraits, hands, and accompanying
 quotes in this gallery until we have over one
 million new voices that will speak up for, defend
 and befriend our kids.

This gallery tells the story of GiGi's Playhouse
 Des Moines and the people it serves. They
 share family perspectives, stories of community
 acceptance, and the individual tales of a life
 meant to be.

Please schedule the gallery to come
 to your business, library, hospital, school,
 college, or event by emailing us at
onemillionvoicesdsm@gigisplayhouse.org!
